The doctors express themselves as being perfectly satisfied with the meeting and feel that t will have a salutary effect, not only pon the profession, but also upon the copie in general. The morning sesdon was opened by Dr. A. C. Ewing, who read a very interesting paper on "Do Doctors Disagree?" Dr. Ewing thought not, they only seem to disagree. The afternoon session was made very interesting by a paper on "Observations on Formaldehyoe," by Dr. W. S. Ellerbeck; an able paper on "Chemistry," by Dr. Joseph Kingsbury, and a splendid paper on "Diseases in Schools," by Dr. S. V. Silver, who advocates a radical brange in the creater and paper on the creater and paper on the creater and page in the c

The committee on vaccination offered he following resolution, which was

"Resolved, that in order to bring before the public the importance of vaccination as a preventive measure, the Utah State Medical society urges upon all physicians and health officers the necessity of encouraging this means of preventing smallpox and as a state lety earnestly recommend and en-

The following resolution was introduced by Dr. Pike: Whereas, During the past year small-

pox has prevailed throughout the State in epidemic form, more than 1,100 cases f the disease baving been reported to be State board of health, and Whereas, There is reason to fear the further widespread dissemination of he disease, and Whereas. The present laws of the

State fail to confer upon boards of health sufficient powers to enable them to effectively cope with the disease, and Whereas, It is the unanimous opinion of this, the Utah State Medical society, ventive, and that if properly performed is a harmless and sure preventive of smallpox; therefore, be it

ociety that the State Legislature of Jiah be and is hereby respectfully peitioned to pass such legislation as shall nvest the proper authorities with powrs to enforce vaccination when in their pinion it shall become necessary, for he protection of the public health. The following new members were ad-

Drs. R. M. Stewart of this city, Geo.
E. Robinson of Provo, C. P. Kjaerbye of
Elsinore, C. N. Bay of Bingham, J. F.
Critchlow of this city, E. B. Isgren of City. These new officers were elected: President, Dr. J. W. Aird of Heber; vice presidents, Drs. M. H. Hardy of Provo and J. S. Gordon of Ogden; treasurer, Dr. Union Worthington of Salt Lake; secretary, Dr. J. C. King of Salt Lake. The board of censors, comprising Drs. Fisher, Stauffer, Ormsby, Woodring and Richards, were re-elected. Provo was chosen as the meeting place for next year, and the society adjourned to prepare for the evening's banquet at the Alta club.

SURROUND THE FESTAL BOARD. Doctors Indulge in a Rare Banquet at the Alta Club.

To the members of the local and State Medical societies was tendered a feast last night by their confrers of the Alta club. There was nothing scanty in any detail of the affair. There was an abundance of the most delectable food that could be obtained, and a profusion of wit, wine, but no women. The large dining room on the second floor was beautifully decorated with autumn leaves, and the tables were set around the room in the form of a hollow square, On the tables rested pot plants and American Beauty roses, and there was a whole heartedness to the occasion which was attested in the peals of laughter and the brilliant sallies that were passed back and forth across the table, all of which kept the company in a joylal happy mood. Not least among the factors that helped to promote the excellent good feeling was Olsen's orchestra, which discoursed popular airs. And the developments of the evening

proved that even doctors are not averse to a little rag-time occasionally. Dr. William T. Dalby graced the po-sition of toastmaster, and every one who had to make a response felt that he was greatly benefited by the toastmaster's introduction. It cannot be successfully disputed that the doctors

are "struck" on their profession, and the way they threw boquets at one aneautiful to behold toasts and responses were as follows: 'Our Profession", ... Dr. Salathiel Ewing "An' when it's time to shuffle off An' you have done your mission, Just put your trust in Providence

An' call a good physician!"
"Anatomy from a Clinical Stand-point".......Dr. John F. Critchlow point".......Dr. John F. Critel "A rag, a bone and a hank of halt
